TARGET AUDIENCE

Those who wish to enhance their ability to work with and promote healthy children, youth, and families. Staff in all levels of care serving children in the Beacon HealthChoices network (BHRS, Family Based Mental Health, MST, etc.) along with JPO, CYS, and other organizations dedicated to the welfare of children are invited to attend.

PROGRAM OVERVIEW

Evidence-based practice is the main theme of this conference. The goal is to offer supportive ways children and their families can more successfully navigate through the mental health systems of care, collaborating on identifying the strengths and barriers of these systems so that we can begin to identify solutions to promote health and recovery.

There is no cost to attend. Breakfast and lunch provided free of charge.

Sorry, CEUs will not be provided for this conference.
